May 15-2020

Dear Friends and Family,

I pray that you and your families continue to stay healthy and safe in these uncertain times. As the state of New Hampshire starts to reduce some of the COVID -19 pre-cautions, we at Warde and nursing homes across the state continue to keep vigilant. Warde is committed to abiding by our in-depth COVID-19 protocols that have proven to be effective so far.

This week Warde has added a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to take a look as we update the information on this page weekly. This shows staff and resident COVID-19 testing quantities and results. This also gives a description of some of the safeguarding we have in place to keep everyone safe.

As temperatures start to become warmer, excluding our unexpected snow storm last week, we continue to enjoy the outside space our campus has to offer. This is especially true this time of year with the flowering trees in full bloom and our resident turkeys. We have designed a resident only walking space on the backside of our building. This allows our residents to be safe and limits the risk of exposure to COVID-19.

I would like to end with a big thank you to St. Mathews Parish for their generous donation of various snacks to our staff. This was much appreciated by all and is nice to know we are all in your thoughts. Please do not hesitate to reach out to our director of nurses or myself if you have any questions. Please keep us in your prayers.

Peace and Blessings,

Bret Pomeroy, NHA
