*Moving Lives Forward*

June 19, 2020

Dear Friends and Family,

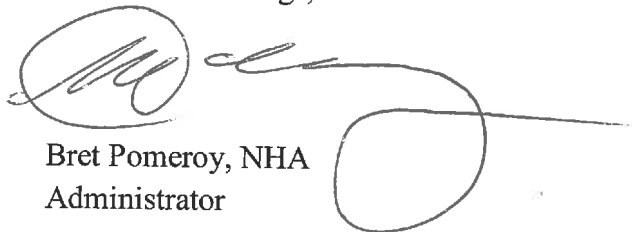

I hope that you are all staying well and safe. This week I have some updates on the ability to schedule outside visits with your loved ones. For the safety of everyone involved we do have a very specific protocol we will be following. We are very blessed to be offering this because we have maintained a COVID free environment thus far. Please help us to continue doing so.

If you are interested in setting up a time to visit with your loved one, please reach out to us for the preliminary screening process and to schedule a visit. These visits will be limited to 30 minutes as to allow our staff adequate time to clean the visiting space between visits. We also encourage other means of communication as well. We will still be holding window visits and the ability for tele communication.

As a reminder Warde has added a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to take a look as we update the information on this page weekly. Facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself if you have any questions on the outdoor visits. You can reach me at 603-890-1290 or [whc.administrator@nh-cc.org](mailto:whc.administrator@nh-cc.org). Please keep us in your prayers.

Peace and Blessings,

Bret Pomeroy, NHA  
Administrator
