Dear Friends and Family,

As always I hope that you and your families are staying healthy and safe. We continue to do so with our many precautions that are in place for your loved ones' safety. I have a few updates to share with you.

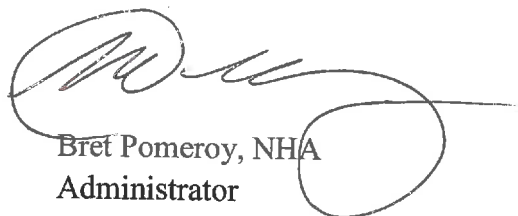

This past week has been filled with some very emotional out door visits. If you are interested in setting up a time to visit with your loved one please reach out to us for the preliminary screening process and to schedule a visit. We also encourage other means of communication as well. We will still be holding window visits and the ability for tele communication.

We are hoping for further guidance over the next few weeks on other restrictions that may be released. These may be in regards to group dining and activities within the facility. We will be sure to keep you in the loop as restrictions change.

As a reminder Warde has added a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to take a look as we update the information on this page weekly. Facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself if you have any questions. Please keep us in your prayers.

Peace and Blessings,

Bret Pomeroy, NHA  
Administrator
