Dear Friends and Family,

Hoping you and your families have been staying safe and healthy. We continue to stay safe and secure here at Warde. I have a few updates to share with you this week.

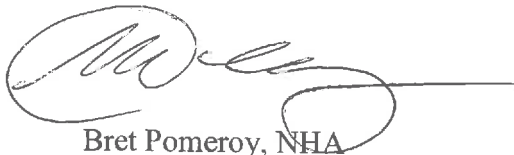

To further reiterate from last week's letter, we have been sponsoring outside visits with our residents. Warde has a very specific set of steps to setting up and holding an outside visit. This is for both the safety of yourself and for your loved ones' safety. This process starts with a prescreening protocol by our staff to ensure we are not putting anyone at risk. Once you are to arrive for the visit you will be screened for a second time and asked to wear a mask. We have established an outside visiting area that maintains proper social distancing. This area is monitored and disinfected by our staff for every visit.

This week the state has announced relaxing the restrictions on group dining and group activities. These changes are being allowed based off of the Counties' COVID-19 numbers. Unfortunately at this time Rockingham County still has too many active cases. This is also true for Hillsborough County. I will be sure to update, through these letters, when this changes.

As a reminder Warde has added a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to take a look as we update the information on this page weekly. Facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself if you have any questions. Please keep us in your prayers.

Peace and Blessings,

Bret Pomeroy, NHA
Administrator
