*Moving Lives Forward*

July 07, 2020

Dear Friends and Family,

We continue to keep moving forward in these challenging times. Taking each day as it comes with a sense of hope and patience. From a precaution and safety standpoint not much has changed in the past week. We continue to stay safe and vigilant. Below I have included some new weekly updates and reminders.

This past week we have started socially distanced group dining on the Assisted Living area and hope to do so soon on the Skilled Nursing floor, along with socially distanced activities. It has been refreshing to see how well received this has been. Being able to eat around others and communal dining is something we took for granted in pre pandemic times. This has been such a joy to see residents attending meals with their friends.

As a reminder Warde has added a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to take a look as we update the information on this page weekly. Facility wide testing will also be reported on this site.

We will be sure to keep you abreast of any changing news. Please do not hesitate to reach out to our director of nurses or myself if you have any questions. Please keep us in your prayers.

Peace and Blessings,
