March 19, 2021

Dear friends and family,

I hope you all have been staying healthy and safe. We have been working diligently to keep your loved ones and our staff safe. This past week we have been embracing the many positive changes in our precautions for COVID.

Some of the highlights for the past week includes residents taking a scenic trip on our new bus for the first time in over a year. Our life enrichment department will be continuing with these trips twice a week for the foreseeable future. We also had a very lively St. Patrick's Day party this week including green ice cream and adult beverage cart. It was great to see staff and residents alike all dressed in green partaking in the festivities! See Warde Senior Living Facebook for photos.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

If you are interested in a in person visit please reach out to reception for further instruction and to reserve a time slot. Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy
Administrator
