April 2, 2021

Dear friends and family,

Here is wishing you all a very blessed and happy Easter. As spring is upon us now is a time for renewal and growth. We continue to follow through with the loosening of restriction to the extent we are able, while balancing the safety of your loved ones. Over the past week we have not seen much change in restrictions, but have been embracing the positive.

With the direction of our pastoral care director Sr. Kathy we have been able to celebrate a very robust Holy Week. Also we have been very fortunate to have Fr. Bruce out most of the week to celebrate mass. Our residents will also be enjoying a very special Easter meal this Sunday with ham and beef tenderloin as the main course.

As the weather continues to get warmer we will be working on setting up outside visitation. This will help to increase the availability of time slots that can be reserved for a visit. This will coincide with the inside visitation.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

If you are interested in a in person visit please reach out to reception for further instruction and to reserve a time slot. Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy
Administrator
