April 9, 2021

Dear friends and family,

Please be advised that as of this writing one staff member has tested positive for COVID-19. This staff member tested positive from our Wednesday testing.

Precautions for both residents and staff are currently in effect that include socially distanced group dining. As always, we continue to screen all staff before they enter the building and we check our residents every shift for potential symptoms.

**Visitation will continue as scheduled.** If interested in setting up an in person visit please reach out to reception to schedule a time.

We understand that this is a very difficult time and the impact it has on the residents is difficult and for the families as well with the restrictions on visiting.

If you have any questions or concerns regarding the above, please feel free to reach out to me or the director of nurses.

Respectfully,

Bret Pomeroy  
Administrator
