May 21, 2021

Dear friends and family,

I hope you have been having a nice week. We continue to stay safe and optimistic as spring is upon us. It has been a great week for time outside on the patio enjoying the warmth and sun. I have a few updates to share from the past week.

County positivity continues to drop consistently so we are able to move to monthly staff COVID testing. We also had another COVID vaccine clinic this week to vaccinate some of our new hires and new residents to Warde.

I strongly encourage outside visits as weather has become warmer. This helps your loved ones to get outside for fresh air and some vitamin D. Our lovely patio is now open for use.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy  
Administrator
