July 9, 2021

Dear friends and family,

I hope you all had an excellent 4th of July. We sure did here at Warde enjoying and celebrating the day. We continue to follow current precautions and stay safe. Currently I have no major updates to report at this time.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

I'd like to also remind you and your family member to please give the receptionist advance notice of your intention to visit. By doing this, it helps the floor to know about how many visitors to expect during the day. If you are visiting the Nursing Home/Rehab floor, please check in at the nurses' station before going to the resident's room. As always, a mask is to be worn from when you sign in until you get to the room. If either you or the resident is not vaccinated, a mask must be worn during the visit. If you and the resident are both vaccinated, once you enter the room you may take off the mask.

NOTE: All visitors upon leaving the room, a mask must be worn until you exit the building.

Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy
Administrator
