August 6, 2021

Dear friends and family,

I cannot believe we are already entering August; summer is flying by. We continue to follow current precautions and stay vigilant to any changes that may occur due to the new variant. I have just a few updates from over the past week.

Rockingham county has entered substantial transmission of COVID and continues to rise. Due to this increase in transmission, we will be starting regular testing of staff and residents. At this time, there has been no change to our visiting process and encourage you to safely spend time with your loved one. As we encourage our staff to be safe while out in the community, I also encourage you to be cautious as well. Not only for your safety, but for all of our residents.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy  
Administrator
