Dear friends and family,

Here at Warde we hope you are all doing well and staying safe. We continue to follow current precautions and stay vigilant to any changes that may occur due to the new variant. I have just a few updates from over the past week.

Rockingham county continues to be in a substantial transmission of COVID and continues to rise. We are encouraging visitors to keep masks on while visiting with residents regardless of vaccination status. This is for the protection and safety of all of our residents. Just as a reminder we ask that visits are only taking place in the resident room or designated visiting area. I also encourage you to be cautious as well when out in the community. Not only for your safety, but for all of our residents.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy
Administrator
