Dear friends and family,

Here at Warde we hope you are all doing well and staying safe. We continue to follow current precautions and stay vigilant to any changes that may occur due to the new variant. I have just a few updates from over the past week.

Due to rises in COVID numbers because of the Delta variant, the rise has caused many organizations to review their safety policies and procedures. Catholic Charities New Hampshire is implementing a mandatory vaccination policy for staff effective September 13th. This was not a decision that was made lightly. We consulted with public health medical, legal, and Diocesan officials before making this decision. Vaccinations are our best chance at protecting our vulnerable residents.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

Please do not hesitate to reach out to our director of nurses or myself, if you have any questions.

Peace,

Bret Pomeroy
Administrator
