October 21, 2021

Dear friends and family,

All of us here at Warde hope you are doing well. We continue to stay vigilant of changes in the pandemic and adjust our approach as needed. In regards to our COVID updates we are in the same place as last weeks update. We continue to monitor the spike in NH and follow guidance provided by public health and CMS.

In light of all of the repercussions of the pandemic we try to keep life at Warde as consistent and normal as possible. This week our life enrichment department took a scenic drive with our nursing home residents throughout the town of Windham. Helping some of our residents to get some fresh air and a change of scenery. We continue to hold regular painting classes and walking group around our beautiful campus. Many of these events can be seen on our Facebook page.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

I also wanted to put out to our families that many times some of our best employees come through word of mouth and recommendation of people like you. If you know of any one looking to get into the healthcare field or has a passion for working with the elderly please keep us in mind. We have many opportunities for continuing education and career growth. Please do not hesitate to reach out to myself or Deb Racca in H.R. at [whc.hrmgr@nh-cc.org](mailto:whc.hrmgr@nh-cc.org) .

If you have any other questions or concerns please reach out to our director of nurses or myself.

Peace,

Bret Pomeroy
