November 18, 2021

Dear friends and family,

Here at Warde we hope you are all doing well. We are excited to get into the holiday season and ready to celebrate Thanksgiving next week. We continue to monitor the spike of COVID-19 cases in NH and follow guidance provided by public health and CMS, staying vigilant for the protection of your loved ones and our staff alike.

This week we were very thankful for Northeast Pharmacy coming out to Warde to provide a booster to our residents. All of our residents on the independent living, assisted living, and nursing home have been offered the opportunity to receive the booster shot. This is one layer of many that helps to protect us all against COVID.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

I also wanted to put out to our families that many times some of our best employees come through word of mouth and recommendation of people like you. If you know of any one looking to get into the healthcare field or has a passion for working with the elderly, please keep us in mind. We have many opportunities for continuing education and career growth. Please do not hesitate to reach out to myself or Deb Racca in H.R. at [whc.hrmgr@nh-cc.org](mailto:whc.hrmgr@nh-cc.org).

This week we held an all-day staff appreciation event. We were raffled off TV's, tablets, and beautiful gift baskets. A special meal was served on all shifts for our staff. A big thank you to Deb Racca our HR manager for planning and facilitating the event!

If you have any other questions or concerns please reach out to our director of nurses or myself.

Peace,

Bret Pomeroy  
Administrator
