Dear friends and family,

Dear Friends a, Residents, and Staff

I hope you all have a safe and blessed Thanksgiving. We continue to monitor the spike of COVID-19 cases in NH and follow guidance provided by public health and CMS. We continue to stay vigilant for the protection of your loved ones and our staff alike. I have a few updates for the week.

On Thanksgiving our culinary department is planning a traditional Thanksgiving dinner with all the fixings. Our dining rooms will be set up with fine dishware and glasses. We will be starting with wine and ending with an assortment of pies. Of course, turkey will be served.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

I also wanted to put out to our families that many times some of our best employees come through word of mouth and recommendation of people like you. If you know of any one looking to get into the healthcare field or has a passion for working with the elderly, please keep us in mind. We have many opportunities for continuing education and career growth. Please do not hesitate to reach out to myself or Deb Racca in H.R. at whc.hrmgr@nh-cc.org .

If you have any other questions or concerns please reach out to our director of nurses or myself.

Happy Thanksgiving,

Bret Pomeroy
Administrator
