Dear Friends a, Residents, and Staff

I hope you all had wonderful Thanksgiving. We continue to monitor the ever-changing climate of COVID-19 cases in NH and follow guidance provided by public health and CMS. As a new variant enters into America we stay vigilant and follow necessary precautions.

As our bountiful Thanksgiving celebration has passed, we are now getting ready for Christmas. Our multiple Christmas trees, decorations, and nativity sets are making their appearance. This Saturday, a group of residents will be helping to decorate our Christmas trees. In light of this hectic year, it is important to slow down and refocus on what really is important.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

I also wanted to put out to our families that many times some of our best employees come through word of mouth and recommendation of people like you. If you know of anyone looking to get into the healthcare field or has a passion for working with the elderly, please keep us in mind. We have many opportunities for continuing education and career growth. Please do not hesitate to reach out to myself or Deb Racca in H.R. at whc.hrmgr@nh-cc.org .

If you have any other questions or concerns, please reach out to our Director of Nurses, or myself.

Peace,

Bret Pomeroy
Administrator
