December 30, 2021

Dear residents, friends, family, and staff,

We here at Warde hope you all had a very Merry Christmas and a Happy New Year. We continue to monitor the ever-changing climate of COVID cases in NH and follow guidance provided by public health and CMS. We continue to stay proactive and optimistic during this time.

Moving forward I will be publishing these letters once per month, unless there is a pertinent change in regards to COVID in the building. As always if you ever have any questions or need clarification do not hesitate to reach out. I will also be out over the next week, but there will be additional support in the building between our VP of Healthcare Alain Bernard and Regional Director of Clinical Darleen Underhill.

As a reminder, Warde has a COVID-19 update page with key information specific to our community at <https://wardehealthcenter.org/covid-19-update/>. I would encourage you to review the updated information weekly. Information regarding facility wide testing will also be reported on this site.

I also wanted to put out to our families that many times our best employees come through word of mouth and recommendation of people like you. If you know of any one looking to get into the healthcare field or has a passion for working with the elderly, please keep us in mind. We have many opportunities for continuing education and career growth. Please do not hesitate to reach out to myself or Deb Racca in H.R. at whc.hrmgr@nh-cc.org.

Peace,

Bret Pomeroy
