January 10-2022

Dear friends, family and staff,

Please be advised that as of this writing two staff members have tested positive for COVID-19.

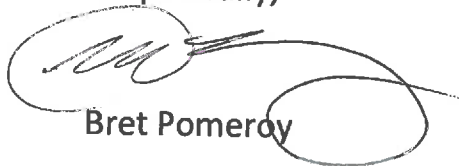

We will be conducting site-wide PCR COVID testing this week on all staff and residents.

Additional precautions for both residents and staff are currently in effect such as increased PPE usage and limit group gatherings. As always, we continue to screen all staff and visitors before they enter the building and we check our residents for potential symptoms.

Please keep us in your prayers as we navigate the cases in our community. We are doing everything in our control to keep your loved ones and the staff safe.

If you have any questions or concerns regarding the above, please feel free to reach out to me or the director of nurses.

Respectfully,

Bret Pomeroy
